Learn wherever you are, with support every step of the way

Our Microsoft Teams virtual learning platform is your digital studio. It's where you'll access weekly lectures, project briefs, reading lists, session recordings and discussion forums. It's available 24/7, meaning you can engage with your studies at any time - early morning, late at night, or in between your working day. You'll also be part of an international cohort of designers and creatives, all learning and growing together. In group critiques, peer feedback sessions, and informal chats, you'll build strong creative connections and gain perspectives from across the globe. Many students form lasting professional relationships that continue long after the MA ends. Most importantly, you'll never feel like just a name on a screen. You'll have a dedicated academic programme team who checks in with you regularly, offering advice on everything from project development to time management.
